BOND REQUIREMENT NOTICE

Mr. Garret Silversmith
Navajo Division of Transportation
P.O. Box 4620
Window Rock, AZ 86515

Re: Encroachment Permit Application No. T110058

Encroachment Description:

Dear Applicant:

In accordance with state law and regulations and Department policy, the development activities listed under the referenced Application for Encroachment Permit require that you post a bond in the amount of 125% of the project costs, payable to the Arizona Department of Transportation.

You will be required to submit to the Department a final cost estimate prepared and sealed by a professional engineer, registered in the State of Arizona. The Department will validate those costs, and respond with the appropriate amount for the bond.

The surety company from which you obtain the bond must be one that holds a certificate of authority to transact surety business in Arizona, issued by the Arizona Department of Insurance.

The bond will be used as an instrument for the purpose of obtaining performance assurance in favor of the Department to ensure performance in compliance with the permit and/or approvals.

If I you have any questions, or if I may be of further assistance, please contact me as indicated below.

Sincerely,

Nate Reisner, P.E.
